## MEMORIAL TREE PROGRAM

The planting of memorial trees is an age-old tradition throughout the world. This act has always symbolized life, growth and hope for the future. Planting a tree can be done in honor of a loved one's memory, a life well lived, or a symbol of everlasting affection.

The process of participating in the City's Memorial Tree program is simple:

1. Select a tree from the attached Tree Specie Choices list that is part of the application package. This chart also provides the tree cost, height, and approximate maximum height.
2. Select a bronze or hollybronze plaque and plaque size. Information on plaque cost and sizes is provided in Tree Species and Plaque Choices chart that is part of the application package. Follow the word count limit and provide the wording you wish to have printed on the plaque. Please print the text clearly if it is not typed.

Photos of the trees available (not to scale) and two types of plaques are provided in the application package.

3. Complete the application either online or print it and mail it to:
